Fire/Police  
911

**Nice weather is coming!!!!**

With warmer weather comes more outdoor activities. Kids riding bikes, playing ball, hanging out with friends, picnics, etc. Please remember that the houses are very close together. Teach your kids and guests to respect your neighbors and other tenants.

With your help, we can make this Spring & Summer a safe and pleasant one for everybody!!!!

## Exterior Inspections...

Newark Housing Authority will be conducting exterior inspections at Windsong Terrace and Northview Terrace in the near future. Not only will the inspector be looking at the exterior of your unit and shed, but also the condition of your yard. Take this opportunity to clean your yard of garbage, cigarette butts, dog waste, etc. Holiday decorations should be taken down and stored until next winter.

**Remember...your unit is not only a reflection on the Housing Authority, but a reflection on you!!**

## Overdue Back Charges

Many have received notices that you have outstanding balances in either maintenance or other fees (court fees, late charges, security deposits, pet deposits, etc). **These must be paid!!!** You expect timely results, as we all do, for maintenance calls and other requests. Therefore, you should pay the charges that are due in a timely manner.

**Please save us time and money...clean up these accounts as soon as possible!!!**
